# INFO

## hallux<sup>®</sup> by fidelio

Hallux models are featured with the unique and well-known bunion stretch insert. The optics is not affected in any way, so these shoes can be worn by every woman. The insert helps ladies who suffer from a bunion by being wonderfully softly padded. Unpleasant pressure points can be prevented.

Anatomically shaped footbed

Shock absorbent sole

Perfect fit

High Quality Materials

The BUNION insert

# INFO

**1** for all

## multistretch

by fidelio

**All models share a common DNA:**

- Only stretchable lamb/goat leather is used as upper material
- The forefoot area is softly padded, fully stretchable and seamless
- The calf leather lining is breathable
- The soft natural cork footbed is changeable
- The slim heel provides the best grip
- Lacing and velcro functions guarantee optimal adjustment to the foot

Bunion deformity

Hammer toe

After surgery

Corn/clavus

Swollen Feet

Algesia sensitivity

Diabetes prevention

## INFO

### Hi-Energy H

The innovative Energy sole provides excellent cushioning and protects the back and joints of the wearer. The ultralight, flexible sole promotes natural, thanks to the rebound effect fatigue-free walking. The sole material in combination with the multi-zone profile, provides safety and has excellent slip-resistant properties.

**NEW**  
SUPER  
STRETCH

## superstretch THE BEST CHOICE FOR VERY SENSITIVE FEET!

by fidelio

- Extremely light and flexible
- Upper material = technical stretch leather
- Comfort width J
- Super soft padded forefoot zone - seamless
- Lining and footbed cover - antibacterial, breathable and easy to clean
- Lots of function for easy entry and secure hold
- The 2-zone Energy outsole is slip-resistant and ensures perfect shock absorption
- All models are ideally suited for customised orthopaedic insoles

### Genny G½
